### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Edward Wise on 3/8/0.

The application has been amended as follows:

Claim 11 has been canceled

In claim 1, line 20, after "at least", "an outer surface" has been changed to –the outer surface--; in line 27, --at a position – has been inserted between "surface" and "spaced", and in line 28, "the end of" has been deleted and replaced therein –the free end--.

In claim 22, lines 3, and 7, after "end portion", --of the container—has been added.

In claim 23, line 3, "the first" has been changed to –the first portion--.

2. The following is an examiner's statement of reasons for allowance: claims 1-13, 16-23, 25, 26 and 29 are allowed because Druitt (WO 99/03746) does not teach or suggest the annular protrusion, formed underside of the sealing rib second portion, having a spacing from the circular edge of the sealing rib such that during attachment of

the closure with the end portion of the container, the protrusion engages the outer surface of the container spaced from the container free end and the free end of the second portion of the sealing rib engages the container free end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
